DannyPettry.com: Rec Therapy CEUs
2017 Culture Book

I haven't used it yet. Again, I like being on the email list to learn about upcoming educational opportunities. Companies are tightening the budgets thus not allowing conferences that you must travel to so a webinar is great!

- Anne P.

He really seems to care about promoting TR

- Rebecca S.

He is very caretaking and a good advocate. He truly has a good heart for recreation therapy and the therapists in making sure he can provide CEUs in a convenient way.

- Heather S.

I was able to complete my CEU's conveniently at home and in my own time.

- Trish E.

I have learned from the Webinars I have attended

- Sue D.

It has not only provided educational opportunities but has bonded some of the Therapist in our office and we do the online trainings together

- Morgan T.

The availability and ease of acquiring CEUs through DannyPettry.com is great.

Dannypettry.com is the only online continuing education program that offers a wide variety of topics that appeal to the interests of many different professionals. In addition, this resource provides incentives for those of us who take several courses and are regular customers by offering great deals and by adding new courses on a regular basis.

- Kimberly S.

The information I obtained through a course on the site has enabled me to host an in-service with my staff on how to advocate for rec therapy. Informational & very much appreciated!

- Kellie C.

Easy to get CEUs when a budget doesn't allow for big conferences.

- Bethany A.

Great topics of CEUs at a great price!
Very informative.

- Amy G.

DannyPettry.com is an invaluable resource for education, communication, promotion, and advocacy in the field of Recreation Therapy.

- Evelyn M.

It's easily accessible

- Julie S.

Danny always responds to emails immediately and is willing to help his clients in any way he can.

- Kiara W.

Danny's CEUS are affordable, informative, and convenient! They're individualized to many disciplines as well as overall "TR STUFF" we should never forget as working professionals

- Avery M.

I enjoy being able to obtain my CEU's on my time with my budget. Even from home in my sweats!

- Karla B.

He ensures that you get the most out of his courses by giving you unlimited retakes of the final quiz. He bends over backwards to make sure his customers understand the material and pass no matter what.

- Stacy S.

I was able to receive all my CEUS information in a convenient email. I have a year to complete and numerous attempts at taking the quizzes. This was great and took pressure off of cramming and give me time to actually read and absorb the material

- Janshayla S.

He truly does care about what you need and wants to help.

- Kathryn W.

It appears convenient, easy to use, good reputation and many topics to pick from.

- Very willing to help and ensure CEUs are available for people. I always feel that Danny is available if anyone has a question or a need and he is willing to provide a quick response and help out as much as he can
- I like the CEU options that I can choose from to assist me in gaining knowledge in areas I feel I need information in, rather than repeating things I already know about.
- Easy and accessible.
- Lots of options, up-to-date
- He holds his promises
- Easy to use
- Organized
- He can be very personal with customer service which doesn't seem to be around anymore other places
- I've listened in to all of his free webinars and have already accumulated 6 CEUs. They can even be watched on your phone, and they are applicable to our field. I've learned great tips for interventions I can do with my patients.

Introduction (and Insights)

March 26, 2017

Dear Rec Therapist –

Here is the Situation:

- This book was created to share the DannyPettry.com: Rec Therapy CEUs culture with the world.
- DannyPettry.com: Rec Therapy CEUs strives to maintain the # 1 independent self-study CEU program for the Rec Therapist.
- Our real mission is simple: loving and learning.

My Feelings:

- I feel that our group of Recreational Therapists (the members/ users) at our site are very wonderful, special, and amazing people.

My Request:

- I want you to share this ebook (.pdf file) publication with as many recreational therapists as you can.

The Benefits:

- It will help more Recreational Therapists to become aware of who we are and what we're doing here at DannyPettry.com: Rec Therapy CEUs.

Celebrating a 10-Year Anniversary
(2007 to 2017)

TRUSTED for 10-years!

Celebrate

A Brief History

- Original:
 - ***DannyPettry.com: Rec Therapy CEUs*** is proudly known as the first self-study continuing education program created specifically for recreational therapists.

- Innovative:
 - Danny Pettry sought out the advice from his mentor and fellow West Virginian, Charlie Dixon (operator of the Therapeutic Recreation Directory Online) in 2006. Charlie told Danny “find something my site doesn’t offer and offer that.” Shortly after that, DannyPettry.com was listed at the TR Directory in 2007!

- Determined:
 - *Inc.* claims 96% of businesses fail within ten years. DannyPettry.com is 10-years-old and going strong.

- Persistent:
 - DannyPettry.com is going is aiming to continue it’s leadership role as the # 1 self-study CEU program for recreational therapists.

DannyPettry.com *Rec Therapy CEUs*

Mission

“Love Learning and Learning to Love More.”

Loving and Learning

It isn't about the Continuing Education Units (CEUs). Life is more than that.

Danny Pettry: I had read Dr. Raymond Moody's "Life After Life." It consisted of stories from people who had near death experiences.

In summary, people who had these experiences had two big questions:

- **What did you learn?**
- **How did you love?**

How would YOU answer those two questions?

One Word

We asked our fanclub: What is **one word** you would use to describe *DannyPettry.com: Rec Therapy CEUs* program?

We asked over 2,000. We got feedback from 123 of our most passionate promoters:

- 33% of RTs said: Convenient**
- 13% of RTs said: Helpful
- 9% of RTs said: Awesome!
- 5% of RTs said: Informative
- 5% of RTs said: Educational
- 4% of RTs said: Amazing
- 4% of RTs said: Resourceful
- 2% of RTs said: Great
- 2% of RTs said: Easy

The final 23% of recreational therapists reponded by describing our site as site as being:

- Pembroke Welsh Corgi
- Pitbulls
- Rottweiler
- Spinger Spaniel

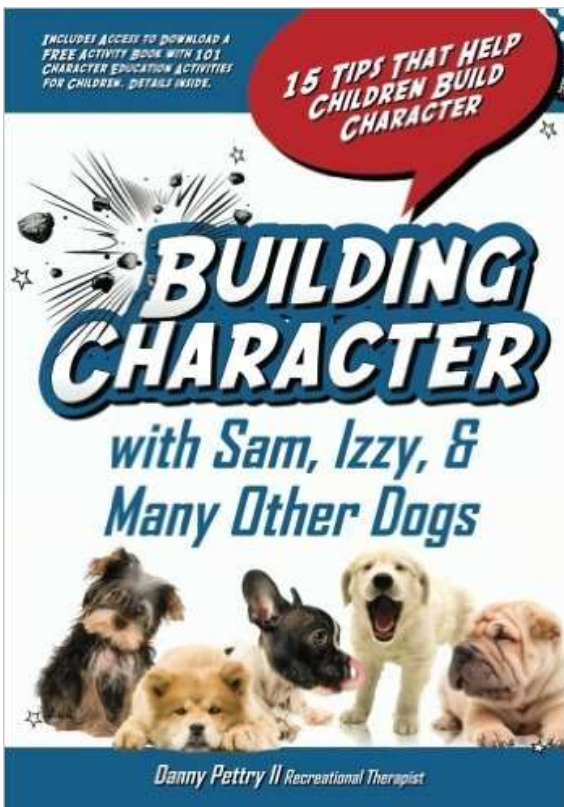

Adding Fun to the World

DannyPettry.com specializes in providing recreational therapists with convenient continuing education credits to maintain national certification and state license to practice.

Danny does fun projects from time to time as well.

Danny Pettry's Book

Seal of Approval Winner

by The National Parenting Center

Testers were delighted to discover this storybook that teaches children important lessons about tolerance, empathy, sharing, compassion and much more.

Petry uses adorable dogs and puppies to illustrate these good character traits. Parents noted how well the book was written. The style easily connected with children and was fun for parents to read. What many parents told us was that this book sparked conversations about various behaviors including how humans and dogs share many similarities when it comes to caring for each other.

Customer Service

Danny Pettry thoughts:

- The customer, the Recreational Therapist using my program and services is # 1.
- I have an ethic responsibility to do everything I can to help them.
- What if I don't have the course topic they need or want? I help them find what they need. I'll gladly recommend them to other CEU providers. Some people call that helping the competition. I don't really believe it is competition. I believe the so-called "competition" are on the same side.
- 48-hour responses: I tell people that I do my best to respond in 48-hours or less. I really strive to answer in 24-hours if possible. Sometimes I do get ill or get involved in life and miss things. I imagine I reach that goal over 90% of the time. (based on my guess).

Customer Loyalty

On a scale of (0) “unlikely” to (10) very likely, how likely are you to recommend DannyPettry.com to a friend, co-worker, or fellow rec therapist?

9.59%

Please note this number comes from our most loyal promoters. We had asked the previous 2,000 customers to complete this question. A total of 154 people completed survey right away.

- Range was from 7% to 10%
- Mode was: 10%

The good news is that our most loyal promoters love our brand and the services we provided.

Validity

Unfortunately, there were about 1,000 Recreational Therapists who've taken our courses who didn't complete the survey.

Why DannyPettry.com?

Read some of the positive comments we've received from our most recent survey:

I'm fairly new but I appreciate the updated on ceus. It's hard to find good ceus these days and I end up going to ones for social workers which do not specifically apply to me. Keep it up

I can take the courses whenever I want and on my own pace.

I am able to study when I have free time. It has subjects I am interested.

I like the program is readily available and can fit into my schedule. **I wish there was an easy access to login and find your courses. I thought the videos were a little out dated.**

Danny Pettry comments: I've been wanting to update my program to allow for easy access to login and find courses. That is a long term goal of mine.

The videos are outdated. I still laugh when I hear one of the speakers make a reference to going to the "world wide web" for additional information. Despite being older videos, I strongly feel the content matter is still relevant today.

I like that it is convenient and offers a variety of choices for CEUs. I like the Wednesday night webinars that you had this past year with some people being "guests" to share their knowledge and so forth. Would love to see more examples of protocols/activities/interventions people are using currently with different populations.

I am thankful to be able to complete some of my CEUs from my home

How much you care

Easy to use. Good content.

I like the unlimited time to complete self-study courses. I am a busy mom of 3 and like that I can complete them as I have time.

I can do it on my own time

User friendly and when I had a problem downloading, had a response within 24 hours

Site is easy to navigate and get instant results.

Would like to see some more topics addressing the ongoing changes in healthcare.

The program topics has always been relevant to TR and to the trends.

I feel your program is great! I have compared it with other CEU sites, yours seems to be the best value. It also has the best customer service!

Love being able to order books off amazon or get at the library take the exam on my own time in my own home - CEUs accomplished!!!

Very convenient and allows me to complete my ceus from home! Love the program

Danny's programs are relevant and easily accessible. I have found multiple topics of study that closely relate to and can benefit the services I provide to the population with which I work.

Very user friendly, fair price, no charge to get a duplicate completion certificate. **Would like to see more topics related to Physical Medicine & Rehab.**

Danny Pettry comments: My experience and background training is in mental/ behavioral health, so I tend to offer courses in those areas because I feel competent and qualified to provide those trainings. Naturally, I recommend RTs to my competition in online CEUs who provide physical medicine and rehab or have special guests on our webinar series. Or, I'd be glad to help you find a conference or training that you want or need.

Very convenient and price is right.

I always recommend your program to my computer workers. Some have families and are unable to travel to conferences. The courses can be completed in one year and can be retaken. I have found the courses are easy, convenient and informative. There is nothing to change.

Thank you for carrying and advocating for the profession.

The ease of getting my CEUS at home and not having to travel far distances

I think the price is reasonable and I have a year to complete it. Plus I can work on it at my own pace and when time allows me to.

I can do take courses at home.

I have been very happy with the program. It is easy to use and there are always new courses being added.

I liked the variety of course offerings. I liked that I was able to complete the courses on my own schedule. I wished that the course offering included some sort of discussion of how the books I read could relate to rec therapy practice. I would really like it if there was commentary from people who had taken the course and then integrated it into their practice. I would be happy to provide such a commentary if you ever decide to do such a thing! Thanks for the service you provide to our community. Getting CEUs is more difficult and more expensive than it ought to be, especially for those of us who work in private practice or as consultants.

Can take classes at my own pace. CEUs are guaranteed to be accepted.

I like the simplicity in the structure of the program. It is very straightforward and beneficial.

I like to be able to get Continuing Education Credits in the convenience of my home. It is cost effective and time saving. I also like the great customer service.

How has DannyPettry.com: Rec Therapy CEUs provided you with Happiness

We asked our customers: what has Danny done to provide you with happiness?

Here are the answers:

Absolutely. A life saver with my CEUs!

Allowed me the flexibility of balancing work and education development. This allows me to continue developing programs for my patients due to the fresh take or refreshers provided in the self study ceus.

Although I haven't done a webinar yet, I am happy with the information that I receive for upcoming opportunities.

Always continue to learn

An array of opportunities for continued education

Been very helpful

Being an advocate for CTRSs

Being there in a pinch to obtain reasonably priced CEUs with topics that are relevant to my profession.

By being convenient and accessible.

By continuing to offer new CEUs and opportunities to continue my certification and to learn new material.

By helping me with my CEU and keeping me updated.

By lifting the weight of so many ceus off my shoulders. That makes me incredibly happy not worrying about it.

DannyPettry.com: Rec Therapy CEUs

Haven't utilized the service yet

He and his website has helped me with resources to grow and improve me as a Therapeutic Recreation Specialist

He is always positive!

Helped me with maintaining my CEUs in a timely and affordable manner.

Helping me to get CEUs

Hmmm... not really sure. but I like knowing there is a spot where I can get rec therapy info and ceus

I can count on DannyPettry.com to provide for my CEU needs!

I have been able to complete CEU's at my own pace and on my own time. I have also utilized some of the coloring sheets for clients to assist in relaxation.

I have been able to earn CEUs on my own time at a reasonable price as opposed to spending extra on travel, hotel, and conference fees. Also, I enjoy the contests and the freebies he sends!

I have received several surprised in the mail; those always brighten my day.

I like knowing that if I need more CEU's that this is an option I can use and feel confident using.

I love how easily I can get my CEU's! Having 2 small children makes it difficult for me to attend out of town conferences.

I love the courses that I have taken and I have learned a great deal from them.

I love the education opportunities, shared information, promotion of RT, and his engagement with providers everywhere. Danny does a great job advocating for the profession as a whole.

I received a care package from my friend Danny when I submitted my email address to the subscription list.

I was able to complete workshops on my time. He is very informative and answers all emails at a timely matter

I'm starting to re- motivate

It has brought me peace of mind while enduring the stress of CEUs

It has educated me and taught me more.

It has made maintaining my certification much easier especially with having a young child at home.

DannyPettry.com: Rec Therapy CEUs

It helps but having a lot of things available for me to use to help obtain my CEUs. As a rather new CTRS, I'm still learning. It just looks very promising.

Just getting a lot of things with help

Just knowing that there is a person spreading the word about RT and sharing thoughts with other professionals is truly amazing!

Keeping things affordable, fun and sending gifts, cards and other things. Who doesn't love getting fun mail?!?!

Knowing that his company donates to charities.

Love the information, sharing of books with powerful quotes, and ideas.

Gender

Question:

How many of DannyPettry.com's recreational therapist promotors are female?

Answer:

Rationale:

The majority of recreational therapists are female.

The age group for our customer's range from 20 to 69.

The majority (almost 40%) of our customers are 20 to 29.

We are 100% people who help other people!

CTRSs

Question:

How many people in our tribe have the Certified Therapeutic Recreation Specialist (CTRS) credential?

Answer:

Rationale:

DannyPettry.com aims to provide convenient self-study CEUs for the CTRS. The other 5% are allied professionals and a few college students have taken courses. College students don't need CEUs – but they wanted the knowledge.

Education

Question:

What is your level of education?

Answer:

- 82% of DannyPettry.com users have a Bachelor's degree!
- 16% of DannyPettry.com users have a Master's degree.
- 1% of DannyPettry.com users have a high school diploma. Note: College students in RT/TR degree programs do not need to earn CEUs. However, some college students take our courses to help specialize knowledge to prepare them for a career in a behavioral health setting.
- 1% of DannyPettry.com users have a Doctorate. Note: Our profession is lacking people with doctorate degrees to replace the growing number of professors who are retiring. Now is definitely the time to get a doctorate degree.

ATRA Members

Question:

Are you a member of the American Therapeutic Recreation Association (ATRA)?

Answer:

- 28% of DannyPettry.com service-users are ATRA Members! Way to go!
- 72% of DannyPettry.com service members are not members of ATRA.

Danny Pettry highly recommends our professional association, ATRA. They are the leading membership for professional recreational therapists. Danny Pettry is a lifetime member of ATRA. Danny Pettry has provided student ATRA memberships as prize giveaways at his Rec Tehrapy Today blog and email newsletter.

Smokey the Bear is famously known for saying that “only you can prvent forest fires.”

Danny the Rec Therapist is here to say “only you can prompte Rec Therapy.” It is our sole professional responsibility.

Years of Experience

Question:

How many years have you worked in the profession?

These answers are based on our first 83 responses.

- Range of answers:

Zero (0) years of experience (in example college students) at time of survey to 39-years of experience.

- Average years of experience:

Ten (10) years of experience.

- Mode:

Three (3) years of experience was the most often reported answer.

DannyPettry.com
Top 83 users have a total of:

838
Years of
Experience

Note: that number is based on only 83 of our users.
Imagine the number based on the thousands of
recreational therapists who've completed a course.

Let's imagine 1,000 self-study students @ (10 years
average experience) = 10,000 years of experience.

Danny Pettry: There are too many. I love movies. I regret to say I don't enjoy comedy. I like super hero movies. My favorite movie is probably: It's a Wonderful Life. I noticed several people shared that same answer. I have a sign in my office with one of the quote sfrom that movie.

It's a Wonderful Life

*“Strange, isn't it?
Each man's life
touches so many
other lives.*

*When he isn't around
he leaves an awful
hole, doesn't he?”*

- Clarence

Cinema Therapy

Cinema Therapy is the uses of movies in the overall healing process.

Danny Pettry created a “Cinema Therapy” card game. The game was created for fun. It isn’t therapy.

The card game has questions that are to be answered after a movie.

These cards get people thinking about emotions in characters and in self, interpersonal skills, and in general: the meaning of life.
